

Tersus Energy Plc is focused upon the renewable energy and energy efficiency sectors:

■ ■ ■ **TERSUS ASIAN RENEWABLES:** Wind, biomass and clean coal in Asia

■ ■ ■ **TERSUS BIOENERGY:** Biomass-to-electricity and biofuels globally

■ ■ ■ **TERSUS ENERGY CONTROLS:** Efficiency applications for mobile (eg. hybrid/electric vehicles) and stationary (eg. building controls) end users

Via our Asian Renewable and BioEnergy businesses we focus upon the demand for non-fossil fuel based supply of energy by developing, investing into and operating a portfolio of renewable energy projects with chosen joint venture partners. Via our Energy Controls business we exploit the increasing focus on energy efficiency and management of electricity consumption.

We believe Tersus Energy is ideally placed in the alternative energy sector, and invite you to contact us to learn more about how we can work together.
